

Crucible 2007

Before any metal becomes gold, it must be exposed to the fire of the crucible, and Crucible 2007 is a rare alchemical adventure designed to facilitate personal transformation by transmuting the metals within.

This jump-in-the-fire event is so hot, we have to hold it on water! Board the luxurious Delta King Hotel and Conference Center, on the Sacramento riverfront on Saturday, **October 13**, for this all-day intensive, multi-media workshop. Stay Sunday, **October 14**, for informal get-togethers and personal consultations with a variety of alchemical practitioners.

The alchemists tried not only to change base metals into gold but also rejuvenate their bodies, integrate their personalities, and perfect the very essence of their souls. Though they spoke of retorts, furnaces, and chemicals, they were really talking about changes taking place in their own bodies, minds, and souls. Now, one of the world's few practicing alchemists will guide you through the principles of alchemy in this unique workshop. Journey with **Dennis William Hauck** to the hidden side of reality where our true power lies.

Experience all three levels of alchemical transformation – the physical, the mental, and the spiritual – using the same powerful operations the alchemists used. Learn their secret techniques ranging from deep meditations along the “vertical axis of reality” to simple “kitchen lab” techniques in which you connect with hidden signatures and learn to make your own “living” alchemical tinctures and elixirs. Workbook, meditations drawings, herbs and glassware are provided to all participants.
