

Crucible 2003

Techniques of Transformation

This year's Crucible event relocates to a beautiful new setting that offers a more tranquil atmosphere for the advanced techniques that will be taught in this unique, all-day workshop.

The annual *Crucible* event will be held from 9:30 AM to 5:30 PM on Saturday, **October 11**, 2003, at the Sierra 2 Center in midtown Sacramento, California. The center is located on three acres of lush landscaping adjacent to the Sierra Green park and is known for its tranquil and inspiring setting. The workshop takes place in the large and airy **Green Hall** and the adjacent **Meditation Courtyard**, which features dozens of blooming flowers and trees, a serene waterfall, and lovely landscaped lighting. The workshop will be led by noted author, lecturer, and practicing alchemist Dennis William Hauck, who will be giving free consultations on **October 12**. The intensive, multimedia event reveals powerful spiritual and practical techniques in alchemy and will include secret **drawings and meditations** actually used by the alchemists. Alchemical **tinctures and infusions** will be offered free to all participants to deepen meditative states and enhance initiatic experiences. There will also be a **refreshments** stand and discount **bookstore** offering a wide variety of rare books, recent titles, prints, herbs, tinctures, essential oils, tapes, esoteric jewelry, and other unique and hard-to-find products.

The alchemists tried not only to change base metals into gold but also rejuvenate their bodies, integrate their personalities, and perfect the very essence of their souls. Although they spoke of retorts, furnaces, and chemicals, they were really talking about changes taking place in their own bodies, minds, and souls. That is the underlying theme of Saturday's workshop with bestselling author and local practicing alchemist Dennis William Hauck. Journey with him to that hidden side of reality where our true power lies. Experience all three levels of alchemical transformation – the physical, the mental, and the spiritual – using the same powerful operations used by the alchemists. Don't miss this rare opportunity to work with him!
