

Alchemy Workshop

Seattle, Washington

Sunday, September 26, 2004. 10AM-5PM

Spend the day with Dennis William Hauck, one of the worlds few practicing alchemists, as he reveals ancient methods of transformation and helps you apply them to your own life. Learn how the alchemists worked simultaneously on all three levels of reality the physical, the mental, and the spiritual to achieve their transmutations. Use their secret drawings and meditations to achieve higher states of consciousness and penetrate the illusions of everyday life. Learn to work with the metals within and change your personality (your personal temperament)

from lead to gold. Enter the sacred space of the inner laboratory to create the Philosophers Stone, an incorruptible state of consciousness the alchemists used to explore and work on different levels of reality.

The alchemists tried not only to change base metals into gold but also rejuvenate their bodies, integrate their personalities, and perfect the very essence of their souls. Although they spoke of retorts, furnaces, and chemicals, they were really talking about changes taking place in their own bodies, minds, and souls. That process is the underlying theme of Saturday's workshop with bestselling author and practicing alchemist Dennis William Hauck. Journey with him to that hidden side of reality where our true power lies. Experience all three levels of alchemical transformation – the physical, the mental, and the spiritual – using the same powerful operations used by the alchemists. Don't miss this rare opportunity to work with him!

This experiential all-day workshop focuses on modern alchemy and is intended to give you the tools you need to achieve lasting change within the framework of life in the modern world. More information on modern alchemy is available at the speaker's website www.Alchemergy.com. Dennis William Hauck is the bestselling author of *The Sorcerer's Stone: A Beginner's Guide to Alchemy* and *The Emerald Tablet: Alchemy for Personal Transformation*, as well as numerous other books and translations on the ancient art. He is a popular lecturer who has appeared on over 300 TV and radio shows, including such national programs as Extra, Geraldo, and Sally Jessy Raphael.
